RE: **Sea Ranch Lakes - Village Code Updates Regarding Residential Areas**
CGA Proposal No. 22-7337

Dear Mr. Nelson,

CGA is pleased to provide you with a scope of services, which is summarized below.

I. Professional Planning Services

- A.** Based on direction from the Village, CGA will work with Village officials to review the following scope of work. It will involve review of the Village Land Development Code as well as the Restrictive covenants enforced by the Architectural Review Committee. The steps include:
 - 1.** Definition of Grade- Clear definition of measurement of “grade” for building purposes and for establishment of flood elevations and address water retention on the lots due to higher grade than neighboring properties.
 - 2.** Lot coverage. Currently Building Department requires 30% “green space” or pervious surfaces, attested by architect on plans. Review against the requirements of the new Architectural Review Committee which is at least 35%.
 - 3.** Overhangs – Review existing regulations allowing for 30 inches and address overhangs within the setbacks such as entrance ways and patio/outdoor spaces.
